Subject: Re: major Mac/ Arnold Cres Today's meeting

Hi

My name is Giulio Paonessa from 130 Arnold Cres

I attended this morning meeting and was the only one from the street because it looks like nobody else received the notice .

I don't think that in a situation like this it should be a matter of courtesy

At the beginning the plan was to build small single homes facing Arnold and now after all these years you've concluded to build three storey townhouses.

I guess nobody pays attention to the residents on Arnold and meetings are arranged at times impossible for residents to attend (and providing that they are aware of the meeting).

I hope you might reconsider this type of project

Best Regards

Giulio Paonessa
