**Subject:** D02-16044 15 and 23 Laurier Avenue

Appendix	CZ
SRPRS	18.105
File(s)	D02-16044

I have reviewed the circulation dated February 12, 2018. As part for future planning application to create the new lots, our section will require the applicant to submit a legal reference plan for review and approval by our section to support conveyance of the required widening of Laurier Avenue. This land conveyance will be required as a condition of final approval of the future application to create the new lots.

We have no objections to the proposed zoning amendment.
