Mr Huycke

I am writing to register my objection the the developments referred to in the subject files.

There are, in my opinion, enough high rise bulidings on Yonge Street in the south part of our town.

i appreciate and support the activities of council and staff in expanding the tax base of Richmond Hill, both residential and commercial.

I also support the diverse nature of our residential communities including high density housing.

I believe, however, that the proposals will result in too many residential units within this neighborhood.

Traffic is already a problem and, notwithstanding the Yonge Street improvements which are underway, these developments will only aggravate this situation.

Please understand this is not NIMBYism. I have lived in Richmond hill for 31 years and hove never before objected to developments in my neighborhood

Thank you for your consideration of this communication

Ed Lomax
