Hi David: As a resident for 26 years, we strongly against another semi-detached homes built just next to the lately complete of detached & townhouses at the corner of Bathurst and Oxford street. Due to those recently occupied high density houses (insufficient guest parking), we have been experienced badly for cars parking along Oxford street, specially during the weekends. New semi-detached development is inconsistent to our existing larger custom built houses. It will ruin our quiet community.  
Sincere, Reynold Chen, 2 Tivoli Avenue.

Hello,

My name is Shu Lin, and I live at 86 Baynards Lane. I came to know that there is a development plan to build semi-detached dwellings on the lands between Oxford Street and Baynards Lane.

On behalf of my family (my husband is cc'd of this email), I want to express my disagreement to this development plan. Given the existing dwelling types in this area, I think semi-detached dwellings are not appropriate for this area.

Please kindly register my opinion when you consider whether to approve the development plan.

Thanks,  
Shu Lin
