

## APPENDIX "C"

The Corporation of the City of Richmond Hill

Schedule of Conditions

Draft Plan of Subdivision

File 19T(R)-17012

**2581685 Ontario Inc. and Mario and Louise Vecchiarelli**

**Lots 80, 81 and Part of Lot 82, Plan 1930 and Lot 10 and Part of Lot 11, Plan 3852**

**City of Richmond Hill**

### **City of Richmond Hill**

#### **Development Planning Division**

1. Approval shall relate to a draft Plan of Subdivision prepared by Ertl Surveyors, Project Number 17020, with a revision date of February 26, 2019.
2. The lands within this draft Plan of Subdivision shall be appropriately zoned by a zoning by-law which has come into effect in accordance with the provisions of the *Planning Act*.
3. Prior to final approval of the Plan, the Owner shall provide the City with evidence in the form of an Ontario Land Surveyor Certificate that:
  - a) any existing buildings or structures on the lands as of the date of final approval, are situated so as to comply with applicable zoning by-laws after registration of the plan; and,
  - b) all lot frontages and lot areas within the plan conform to the applicable zoning by-law.
4.
  - a) The road allowances included within this draft Plan of Subdivision shall be named to the satisfaction of the City and the York Region Planning and Development Services Department. The Owner shall agree in the Subdivision Agreement that all street names shall be identified to the satisfaction of the City prior to construction of any buildings.
  - b) The Owner shall agree in the Subdivision Agreement that no building permit application will be submitted for any individual lot or block until the Owner has submitted architectural design plans of the building facades, for all lots and/or blocks within the plan and obtained the approval of the City through the Architectural Design Control process. Such architectural design

plans shall be in accordance with City approved Architectural Design Control Guidelines. The Owner shall agree to build in accordance with the approved plans.

5. The Owner shall enter into a Sustainable Building Design Agreement, if required to do so by the City, to implement the sustainability components approved as part of the allocation of municipal servicing capacity of the proposed development on the subject lands.

### **Development Engineering Division**

6. The road allowances and road widenings included within this draft Plan of Subdivision shall be dedicated as public highways to the City without monetary consideration and free of all charges and encumbrances.
7. Any dead ends or open sides of road allowances created by this draft Plan of Subdivision shall be terminated in 0.3 metre reserves, to be conveyed to the City without monetary consideration and free of all charges and encumbrances.
8.
  - a) Prior to final approval of the draft plan or any portion thereof, the Owner shall enter into one or more Subdivision Agreements with the City in order to satisfy the financial, servicing and other requirements of the City, including the construction and installation of municipal services (including, inter alia, roads, curbs, gutters, sidewalks, watermains, sanitary sewers, storm sewers, street lights, traffic lights, street name and regulatory signs and pads for bus shelters) at the Owner's expense, both upon the lands within the draft plan and upon lands external thereof, provision of insurance, payment of Development Charges and prepayment of Local Improvement charges as required by the City.
  - b) The Owner shall agree in the Subdivision Agreement to pay all processing fees in accordance with the City's Tariff of Fees By-Law with respect to the subdivision of lands, and shall pay any new or additional costs or fees imposed upon the City by the Province of Ontario or The Regional Municipality of York which relate to the lands within the draft plan and which may arise prior to the final execution of the Subdivision Agreement. Payment of applicable Regional, Educational and City-wide Development Charges will be required prior to the issuance of any building permit upon the subdivision lands.
9. Prior to final approval of the draft plan or in any portion thereof, the Owner shall enter into an agreement with the distributor as that term is defined in the *Electricity Act*, 1998, respecting the provisions of electric service and streetlighting.
10. Such easements as may be required for utility, municipal servicing, drainage purposes or grading/alteration (including placement or removal of fill material and retaining wall structures), shall be granted to the City or other appropriate authority in priority to all charges and encumbrances. Such easements to be

conveyed to the City, the Region, the Province or the Toronto and Region Conservation Authority shall be conveyed without monetary consideration.

11. Prior to entering into any agreement with any telecommunications service provider, any natural gas or electricity service distributor or transmitter or any other public utility provider for the use of any lands within the Plan, which is to be deeded or dedicated to the City, the Region, Her Majesty the Queen in the Right of the Province of Ontario or any other public authority, including, inter alia, land which is to be dedicated to the City, the Region, Her Majesty the Queen in the Right of the Province of Ontario as public highways, the Owner shall obtain the approval of the City of the location of any services permitted by such agreement and the wording of the agreement.

Wherever any agreement with a telecommunications service provider, any natural gas or electricity service distributor or transmitter or any other public utility provider for the use of any lands within the Plan, and any easement which has been transferred or is to be transferred to a telecommunications service provider, any natural gas or electricity service distributor or transmitter or any other public utility provider for the use of any lands within the Plan, permits or will permit the installation of aboveground services or facilities, prior to entering into the agreement or transferring such easement, the Owner shall obtain the approval of the City of the design of such services and facilities. The Owner shall agree in the Subdivision Agreement to not construct or permit to be constructed any aboveground services or facilities inconsistent with or not in accordance with approved design drawings.

The Owner shall agree in the Subdivision Agreement to provide evidence satisfactory to the City that the aforesaid restrictions have been complied with prior to registration of the Subdivision Agreement.

12. The Owner shall agree in the Subdivision Agreement to obtain the approval of the appropriate authority for the installation of electric, gas, telephone and telecommunication services and that the installation of those services shall be underground within the road allowances or within other appropriate easements.
13. The Owner shall permit any telephone or telecommunications service provider to locate its plant within the proposed subdivision prior to the registration provided the telephone or telecommunications services provider has executed a Municipal Access Agreement with the City. The Owner shall ensure that any such provider will be permitted to install its plant so as to permit connection to individual dwelling units within the subdivision as and when each dwelling unit is constructed. The Owner shall agree to the foregoing in the Subdivision Agreement.
14. Public highways shall be designed in accordance with the City's standards for road and intersection design, temporary turning circles, daylighting triangles, and 0.3 metre reserves. For public highways designated as local roads, curb radii shall be designed to provide a 9.5 metre pavement width within the horizontal curve at all changes in horizontal alignment between 60 to 90 degrees.

15. The Owner shall agree in the Subdivision Agreement that construction access shall be provided only in a location approved by the City.
16. The Owner shall agree in the Subdivision Agreement that all portions of public highways which are not paved and all drainage swales on public or private property shall be graded and sodded in accordance with the standards of the City.
17. The Owner shall agree in the Subdivision Agreement to grade and seed all undeveloped lands within the plan, other than conservation lands, and to maintain, to the satisfaction of the City, all undeveloped lands within the plan.
18. The Owner shall agree in the Subdivision Agreement that maintenance of any retaining walls constructed within this draft Plan of Subdivision shall be the responsibility of the Owner, and of subsequent Owners. Retaining walls shall not be constructed upon lands to be transferred to the City, unless otherwise approved by the Commissioner.
19. Prior to final approval, a soils report with respect to the sufficiency and adequacy of the soil within the draft plan to sustain the municipal services and buildings and other structures to be constructed within the draft plan shall be submitted to the City for review and approval.
20. The Owner shall provide to the City, engineering drawings for, and shall agree in the Subdivision Agreement to install, to the satisfaction of the City, watermains, sanitary sewage works, storm sewage works, adequate pavement width for roadways, curbs, gutters, sidewalks, street lighting, traffic signals, regulatory signs, street name signs, and any other services or facilities as required. The Owner shall not connect any watermain or sewer to existing municipal systems without the written approval of the City. All lands to be conveyed to the City for open space purposes and all easements shall be shown on the engineering drawings. The Owner shall obtain the approval of the Region and/or the Ministry of the Environment, by way of certificate of approval, for the installation of watermains, sanitary sewage works, and storm sewage works.

Further, the Owner shall agree in the Subdivision Agreement that the plan or any portion thereof shall not be granted final approval and registered until:

- a) adequate sanitary sewage is available as determined by the City and has been allocated, by the City, to the plan; and,
- b) adequate water supply capacity is available, as determined by the City, and has been allocated, by the City, to the plan.

And further, the Owner shall agree in the Subdivision Agreement that the Owner shall save harmless the City and the Regional Municipality of York from any claim or action as a result of water or sanitary sewer service not being available when anticipated.

21. The Owner shall agree in the Subdivision Agreement that the sanitary and storm sewers shall be connected and drained to outlets approved by the Ministry of the Environment, the Region of York, the City of Richmond Hill and where applicable, the Toronto and Region Conservation Authority.
22. The Owner shall agree in the Subdivision Agreement that the water distribution system for this draft Plan of Subdivision shall be looped within this draft Plan of Subdivision and with the existing watermain system on the periphery of this draft Plan of Subdivision as necessary, and that allowance shall be made for the future servicing of parcels of land abutting this draft Plan of Subdivision as required by the City.
23. The Plan of Subdivision or any portion thereof shall not be given final approval for registration until such time as storm and sanitary sewer outlets, water distribution systems, and site access via local and collector road systems are available or other arrangements satisfactory to the City have been made.
24. The Owner shall agree in the Subdivision Agreement that no building permits will be applied for or issued for any individual lot or block until the Owner has submitted an individual house siting and grading plan and obtained the approval of the City for such individual lot or block plan showing inter alia, the driveway location(s) within the road allowance and the building(s) on the lot. The Owner shall agree to build in accordance with the approved plan.
25. The pattern of streets and the layout of reserve blocks within this draft Plan of Subdivision shall be designed to align precisely with the pattern and layout for existing plans or any adjoining proposed Plan of Subdivision.
26. The Owner shall agree in the Subdivision Agreement:
  - a) to be responsible for the proper drainage within this draft Plan of Subdivision and the effect of such drainage on all lands abutting this draft plan;
  - b) that all lot and block grading plans shall be prepared by the engineer for the Owner in accordance with the City's Design Criteria and Design Standards and to provide individual lot grading plans for each lot on the plan prior to the issuance of building permits;
  - c) that for the purpose of preparation of the overall lot and/or block grading plans and the individual lot grading plans, the Owner shall comply with the City policy with respect to usable yard criteria;
  - d) to develop the lands within the plan in accordance with the approved grading plans and individual lot grading plans; and,
  - e) that the overall lot and/or block grading plans and the individual lot grading plans shall reflect the Tree Inventory and Management Plan and shall minimize grade changes in areas of trees to be retained.

27. The Owner(s) shall agree in the Subdivision Agreement to provide the City with digital copies of the draft and final Plan of Subdivision and all reference plans in accordance with the City's digital submission requirements. These plans shall be tied to horizontal control at a minimum of three (3) locations at the extreme corners of the plan. The Owner(s) shall agree in the Subdivision Agreement to provide as built engineering drawings (including tributary areas drawings), in accordance with the digital and hard copy submission requirements specified in City Standards and shall include the database required to satisfy the City's Infrastructure Management System.
28. Prior to final approval of the draft plan or any portion thereof, arrangements satisfactory to the City shall be in place to provide for the following municipal services (at a time and with securities satisfactory to the City and with the conveyance of the necessary lands or easements for the municipal services to the City at a time satisfactory to it), which municipal services are in accordance with, or necessarily incidental to the Functional Servicing Report (FSR):
  - a) Construction of one primary means of public road access from the roads within the draft plan to Clinton Drive, together with all appurtenant watermain(s), sanitary sewer(s) and storm drainage sewer(s) thereunder;
  - b) Construction of the piped water supply system and appurtenances external to the draft plan, including upgrades to the existing system, for the pressure district servicing the draft plan (to the satisfaction of the Region as well as the City) and construction of the piped water supply system to service the draft plan, all as outlined in the FSR;
  - c) Construction of the sanitary sewer system and appurtenances internal and external to the draft plan to an established outlet and construction of sanitary sewers and appurtenances to service the draft plan, all as outlined in the FSR;
  - d) Construction of the stormwater system to service the draft plan, including Storm Water Management Measures as shown in the FSR, together with required outlet(s) to the existing watercourse(s) for stormwater management and municipal servicing purposes; and,
  - e) Conveyance of all lands external to the draft plan required for municipal servicing purposes, all as outlined in the FSR.
29. Prior to any grading, stripping or servicing of the lands included within the draft plan, the Owner shall provide a detailed Stormwater Management Report. This report shall be completed to the satisfaction of the Commissioner of Planning and Regulatory Services and shall address:
  - a) the selection of stormwater management source, conveyance, low impact development and end-of pipe practices to be implemented within and external to the draft plan to address water quantity, water quality, and erosion control;

- b) the protection of groundwater quality and quantity including a water balance analysis and provision of low impact development measures to maintain predevelopment groundwater recharge;
- c) the stormwater management design, inspection, operation and maintenance procedures and associated costs; and,
- d) erosion and sediment control measures to be implemented before stripping and grading of the subject lands to protect downstream watercourses and environmental features.

Such report(s) shall utilize as guidelines the Ministry of the Environment Stormwater Management Planning and Design Manual, and the City of Richmond Hill Stormwater Management Design Criteria. The Owner shall incorporate the recommendations of this report into the applicable engineering plans to be prepared for approval by the Commissioner of Planning and Regulatory Services. The Owner shall agree in the Subdivision Agreement to implement the recommendations of the Stormwater Management Report.

- 30. The Owner shall engage the services of a certified noise consultant to complete a noise study recommending noise control features satisfactory to the City, the Regional Transportation and Works Department and in accordance with Ministry of the Environment and Energy noise guidelines.
- 31. The Owner shall agree in the Subdivision Agreement that the noise control features recommended by the study referred to in Condition 30, shall be implemented as approved. Prior to final approval of the Plan of Subdivision, a copy of the fully executed Subdivision Agreement shall be forwarded to the Regional Transportation and Works Department.
- 32. Where the noise study has determined that a noise level of between 55 dBA to 60 dBA will remain, despite the implementation of the recommendations of that study, the following warning clause shall be included in the registered Subdivision Agreement with respect to the lots or blocks affected:

"Purchasers are advised that despite the inclusion of noise control features within the development area and within the individual building units, noise levels may continue to be of concern, occasionally interfering with some activities of the building occupants."

Such clause shall be required to be included in all offers of purchase and sale for the lots or blocks affected.

- 33. Where the noise study has determined that noise attenuation fences will be constructed onto lots or blocks within the plan, the following warning clause shall be included in the registered Subdivision Agreement with respect to the lots or blocks affected:

"Purchasers are advised that where noise attenuation fences are shown on the plans attached to the Subdivision Agreement with the City

(Schedule B"), it is the requirement of the City that such noise attenuation fences be constructed on private property and that they be maintained by the individual Owner of the lot(s) or block(s) to the satisfaction of the City."

Such clause shall be required to be included in all offers of purchase and sale for the lots or blocks affected.

### **Policy Planning Division – Park and Natural Heritage Planning Section**

34. Prior to the removal or alteration of any trees, vegetation or environmentally significant features the Owner shall obtain written clearance from the City confirming approval to proceed with such removal or alteration. Further, in the event that any trees, vegetation or environmentally significant features within the draft plan are removed or altered without the written consent of the City, the Owner shall restore the lands and/or provide compensation to the municipality as required by the City.
35. Prior to any grading, development, pre-servicing or site alteration the Owner shall submit a Tree Inventory and Preservation Plan completed consistent with the City's guidelines for the preparation of such reports and to the satisfaction of the City. The Owner shall agree to implement the recommendations of Tree Inventory and Preservation Plan finally approved by the City, to pay all costs associated with implementation, to replace the loss of tree cover either through replanting and/or cash-in-lieu of planting, and provide associated securities upon request to guarantee undertaking of the work.
36. Prior to execution of the Subdivision Agreement the Owner shall prepare and submit Landscape Plans which provide for the following items:
  - a) Boulevard/street trees;
  - b) Tree cover replacement; and,
  - c) Any other specific landscaping required.

The Owner shall agree in the Subdivision Agreement to implement the Landscape Plans as finally approved by the City, to pay all costs associated with implementation, and to provide associated securities as requested to guarantee undertaking of the work.

37. The Owner shall agree in the Subdivision Agreement that topsoil used throughout the Plan will be fertile and consistent with City standards. Further, the Owner shall confirm that such is the case by submitting reports and soil test results as requested by the City. If the results of the reports and soil tests indicate that the topsoil is not fertile and/or does not meet City standards, reports must recommend how the topsoil should be amended to meet such requirements.
38. Prior to any grading, stripping or pre-servicing of the lands, the Owner shall prepare and submit for approval by the City, grading and servicing plans, which

provide for consistency with the recommendations of the approved Tree Inventory and Preservation Plan.

## **Regional Municipality of York**

### **Regional Planning and Development Services Department**

39. The road allowances included within the draft Plan of Subdivision shall be named to the satisfaction of the City of Richmond Hill and York Region.
40. York Region shall confirm that adequate water supply and sewage capacity are available and have been allocated by the City of Richmond Hill for the development proposed within this draft Plan of Subdivision or any phase thereof.
41. The Owner shall provide an electronic set of the final engineering drawings showing the watermains and sewers for the proposed development to the Community Planning and Development Services Department and the Infrastructure Asset Management Branch for record.
42. The Owner shall provide a copy of the Subdivision Agreement to the Corporate Service Department, outlining all requirements of the Corporate Service Department.
43. The Owner shall enter into an agreement with York Region, agreeing to satisfy all conditions, financial and otherwise, of the Regional Corporation; Regional Development Charges are payable in accordance with Regional Development Charges By-law in effect at the time that Regional development charges, or any part thereof, are payable.

## **Ministry of Culture**

44. Prior to final approval, and prior to the initiation of any grading, the Owner shall carry out an archaeological assessment of the entire area within this draft plan of subdivision and shall prepare a report which will identify significant archaeological sites to the satisfaction of the City of Richmond Hill and the Archaeology and Heritage Planning Unit of the Ministry of Culture.
45. The Owner shall agree in the Subdivision Agreement that no development or grading shall occur on any site identified as being archaeologically significant by the assessment referred to in Condition 44, until archaeological excavations of all significant sites within any phase for which final approval is sought has been carried out to the satisfaction of the City of Richmond Hill and the Archaeology and Heritage Planning Unit of the Ministry of Culture.

## Clearance Conditions

46. The City of Richmond Hill shall advise that Conditions 1 to 38 inclusive have been satisfied; the clearance letter shall contain a brief statement detailing how each condition has been met.
47. The Regional Corporate Services Department shall advise that Conditions 39 to 43 inclusive, have been satisfied; the clearance letter shall contain a brief statement detailing how each condition has been met.
48. The Ministry Culture shall advise that Conditions 44 and 45 have been satisfied; the clearance letter shall contain a brief statement detailing how each condition has been met.

**NOTE: Where final approval for registration has not been given within three (3) years after the date upon which approval to the proposed Plan of Subdivision was given, The City of Richmond Hill may, in its discretion, and pursuant to the *Planning Act*, R.S.O. 1990, withdraw its approval to this proposed Plan of Subdivision, unless approval has been sooner withdrawn, but The City of Richmond Hill may from time to time extend the duration of the approval.**

In accordance with Section 51(41) of the *Planning Act*, R.S.O. 1990, the decision to approve the draft Plan of Subdivision, subject to the above conditions, is deemed to have been made on \_\_\_\_\_.

---

Kelvin Kwan  
Commissioner of Planning and Regulatory Services  
The City of Richmond Hill
