He advised that he was opposed to the revised proposal to permit semi-detached dwellings on the subject lands, and acknowledged the thorough planning process in place for the original development proposal. He stated the revised plan was a standalone project, had its own street access, and would not affect the existing neighbourhood as the only access was Oxford Street. He advised
of discussions with staff and local councillor on the revised proposal and noted the tree buffer would relieve concerns expressed by residents of Baynards Lane. Mr. Esmaeili requested Council’s support for the revised proposed development.

12.7 John Li, 206 Brookside Road, with respect to the Closed Session matter regarding the Yonge and Bernard Key Development Area - (refer to Item 17.1 a)

John Li, 206 Brookside Road, addressed Council with respect to the Closed Session matter regarding the Yonge/Bernard Key Development Area. Mr. Li questioned the reasons put forth by the local Councillor in support of the motion passed at the Special Council meeting held on April 16, 2019, noting that the Yonge Subway Extension and various other transit infrastructure were already included in the Yonge/Bernard KDA. He advised that the proposed Yonge/Bernard KDA density target was three times higher than the growth projected for the Vaughan Metropolitan Centre (VMC) KDA, and higher than the Provincial growth targets. Mr. Li questioned if the proposed density targets were realistic, noting that such a density would make the area one of the most densely populated communities in Canada. Mr. Li also presented a study that indicated that high density areas may have physical and social consequences.

12.8 Lester Chan, 20 Brookgreene Crescent, with respect to the Closed Session matter regarding the Yonge and Bernard Key Development Area - (refer to Item 17.1 a)

Lester Chan, 20 Brookgreene Crescent, on behalf of residents of Westbrook, addressed Council with respect to the Closed Session matter regarding the Yonge/Bernard Key Development Area. He expressed their disappointment with Council’s decision to repeal the Secondary Plan and support the motion for increased density for the Yonge/Bernard KDA at
the Special Council meeting held on April 16, 2019. He indicated the decision represented poor planning, and highlighted concerns relating to height limits for proposed condominium towers, resulting in higher density levels and increased traffic, noting these were all causes of intensification. He stated that in his view, Council used the proposed subway extension to add density to the Yonge/Bernard KDA, and noted the distance to the KDA was 7.5 kms away and that development should be accommodated at the Richmond Hill Centre where it would be of benefit. Mr. Chan reviewed existing transportation, traffic, and density issues in Richmond Hill, and noted that more density to the north end of the city would further amplify issues. Mr. Chan stated that supporting the motion on the Yonge/Bernard KDA would make Richmond Hill one of the highest density areas in Canada.

Tim Tucci, 153 Brookside Road, addressed Council with respect to the Closed Session matter regarding the Yonge/Bernard Key Development Area. She advised of her attendance at the April 16, 2019, Special Council meeting, and indicated that she had canvassed residents within Ward 2 and found no support for the motion passed at the meeting. She expressed disappointment with the local councillor’s insufficient consultation with residents and highlighted concerns regarding population density, traffic congestion, the lack of schools and community centres within the Yonge/Bernard KDA. Ms. Zhang advised that the noted concerns would not make the Yonge/Bernard KDA a desirable area to live.

12.12 Saad Askandar, 71 Yorkland Street, regarding Member Motion submitted by Mayor Barrow regarding the Province’s Regional Governance Review - (refer to Item 14.1)

Saad Askandar, 71 Yorkland Street, addressed Council with respect to the Closed Session matter regarding the Member Motion submitted by Mayor Barrow regarding the Province’s Regional Governance Review. She expressed her disappointment with Council’s decision to repeal the Downtown Secondary Plan without any public consultation to support a 37 storey condominium development at the Yonge/Bernard KDA. Ms. Pollock requested Council reverse the decision and allow development within the
Yonge/Bernard Secondary Plan to work as it was set out to do, as further
detailed in her correspondence included as Agenda Item 13.11.

matter regarding the Yonge and Bernard Key Development Area -
(refer to Item 17.1 a)

Wei Hua, 14 Tantone Court, addressed Council with respect to the Closed
Session matter regarding the Yonge/Bernard Key Development Area. He
advised that Premier Ford ran a campaign under the principle that he was
‘for the people’ and expressed his hope that Council will operate under
that same principle. He shared his belief that the proposed development
was for developers and not for the people. Mr. Wei noted that he was
supportive of sensible development and urged Council to consider the
opinions of previous speakers and those that voted when making a
decision on the Yonge/Bernard KDA.

12.16 John Alati, Davies Howe LLP, representing Yonge MCD Inc., with
respect to the Closed Session matter regarding the Yonge and
Bernard Key Development Area - (refer to Item 17.1 a)

John Alati, Davies Howe LLP, representing Yonge MCD Inc. and on behalf
of his partner Mr. Plat, representing TSMJC, addressed Council with
respect to the Closed Session matter regarding the Yonge/Bernard Key
Development Area (KDA). He advised that both clients are parties to the
LPAT proceedings, noting that each have private appeals for their
proposed developments in addition to having appealed the Secondary
Plan. Mr. Alati stated that in his view, higher heights and densities should
be supported within the KDA, and urged Council to proceed with the
resolution made at the April 16, 2019 Special Council meeting. Mr. Alati
provided a brief overview of his client’s development application, noting
that numerous reports have been submitted to support the
appropriateness of their proposal, and they would be prepared to have
continued discussions to resolve the matter without an LPAT hearing. Mr.
Alati concluded by noting that Mr. Kagan, representing Dogliola Developments, was supportive of his comments and the resolution endorsed at the Special Council meeting held on April 16, 2019.

12.17 Jeffrey Streisfield, LandLaw, representing North Elgin Centre, with respect to the Closed Session matter regarding the Yonge and Bernard Key Development Area - (refer to Item 17.1 a)

He provided a brief summary of events that proceeded the City filing a procedural order with LPAT, noting that the hearing has been set for July 2019. Mr. Streisfield advised that City staff have engaged with various landowners, and that his client had submitted a detailed development concept for its lands to support that NEC lands could comfortably accommodate a 36 storey building with other stories on the property. Mr. Streisfield shared that general consensus exists among KDA landowners who have corner properties that heights in the KDA should be greater than 30 stories and closer to 40. Mr. Streisfield also advised of his client’s request that the appeals be resolved in a timely manner within the current LPAT time frame and without the need for a contested hearing. Mr. Streisfield noted that Council should seize the opportunity and clearly demonstrate their support for the Council resolution that has already passed, as further detailed in his submission distributed at the meeting.

A. SRS.19.10 - Yonge Bernard Development Area Secondary Plan ("Secondary Plan") and Implementing Zoning By-law
LPAT File PL180073

Moved by: Regional and Local Councillor Perrelli
Seconded by: Councillor Chan

Whereas, at Special Council Meeting C#16-19 held April 16, 2019, Council passed a Resolution directing Staff to take certain positions in relation to the appeals of the Yonge / Bernard KDA Secondary Plan and Zoning By-law for the purposes of the LPAT hearing scheduled to commence in July 2019;

Whereas, the direction Council provided to Staff included taking positions respecting substantial modifications to the Yonge / Bernard KDA Secondary Plan and Zoning By-law, including significant increases in the maximum heights and densities permitted within the KDA and the direction that all parts of the KDA are expected to have tall buildings;

Whereas, York Region’s Municipal Comprehensive Review (MCR) to update its 2010 Official Plan (ROP) is currently ongoing, and it is anticipated that upcoming changes to the ROP will likely require further amendments to the Yonge / Bernard KDA Secondary Plan and Zoning By-law.

Whereas, the Richmond Hill 2010 Official Plan is also due for review in 2020 and will provide an opportunity for Council to consider greater heights and densities for development that are more consistent with approved and emerging Provincial and Regional policy direction, on a comprehensive City-wide basis;

Whereas, the initiation of the Richmond Hill Centre Secondary Plan as directed by Council in September 2018 will provide an opportunity for greater policy direction for the City’s Provincially-designated Urban Growth Centre, and the Richmond Hill Centre is mandated to remain at the top of the City’s intensification hierarchy and will be an important instrument to support the Yonge Subway extension to Richmond Hill;

Whereas, Council wishes to set a more ambitious vision and development aspirations for both of its KDAs, the DLC and for the City’s urban structure overall, than what was envisioned by the then-Council in the 2010 Official Plan;
Whereas, in February 2019 Council directed staff to initiate the repeal of the Downtown Local Centre (DLC) Secondary Plan, which had been adopted by the previous Council in 2017, based in part on similar challenges respecting maximum heights and densities that had been identified for the DLC Secondary Plan;

Whereas, the nature and scope of any proposed modifications to the Yonge / Bernard KDA Secondary Plan and Zoning By-law that Staff can put forward and support and that LPAT might approve within the context of the upcoming LPAT hearing are significantly constrained by the approved urban structure in the current Part 1 Official Plan, including the maximum height and density permissions established for the Yonge / Bernard KDA in the Part 1 Official Plan;

Whereas, it is more appropriate for Council to consider appropriate planning for the Yonge / Bernard KDA in the context of a new vision and overall urban structure for the City, and through that process the City can duly consult with landowners, other stakeholders and the public regarding matters such as greater heights and densities for this area and the City as a whole;

Therefore, be it resolved that:

1. Council reconsiders and hereby rescinds the Resolution adopted at Special Council Meeting C#16-19 held April 16, 2019 respecting the Yonge / Bernard KDA;

2. LPAT be advised that in light of the recent and ongoing growth initiatives by the Province and the Region that the City supports the request for an adjournment of the upcoming hearing scheduled July 2019, to permit the City the opportunity for further community engagement to re-assess the efficacy of the Yonge/Bernard Secondary Plan;

3. Council directs Staff to do all things necessary to give effect to the above prior to the LPAT hearing scheduled to commence in July 2019.

A recorded vote was taken:

In favour: (6): Councillor West, Councillor Chan, Regional and Local Councillor Perrelli, Councillor Beros, Mayor Barrow, Councillor Liu
Opposed: (2): Councillor Muench, Regional and Local Councillor DiPaola
