Subject: Oppose the motion to consolidate committee of the whole chair and Vice-Chair Positions

Dear. Sirs and Ladies

I am a resident of City of Richmond Hill, I have reviewed Councillor Perrelli's proposal to consolidate control the Chair and Vice-Chair positions for the Committee of the Whole under two specific councillors. As a resident of Ward 4, I am oppose to this motion.

I believe the rotating committee of the whole chairs give a fair chance to each Ward to express their opinions. I expect this is the part of job that councillors are committing to. The government of Richmond Hill need to hear and empower the voice from each ward.

Thanks,

Xu Guo
