Subject: Richmond Hill Secondary Plan Meetings

To Town Clerk

Dear Town Clerk,

Since I am unable to attend the meeting tonight on the future of the downtown core of Richmond Hill could you please let it be known that I am definitely not in favor of changing the Secondary Plan. This was already studied and passed after much research just 2 years ago, and my friends and I were happy with it. The only ones not happy are the developers and the council members who are their friends.

Could you please inform me about future deliberations or meetings?

Thank You,

Gloria McCavery
