AMENDMENT APPLICATION- ARALANSA INC- CITY FILE D02-15021

Dear Committee,

My name is Paul Agnel and my family and I have been residing on Zippora Street for almost two decades and we have always appreciated the quiet residential neighborhood. We, among other residents on Zippora Street stand to ensure that our neighborhood stays residential and not commercial as this would create lots of traffic and congestion, especially noting the extremely small dimensions available for any business to operate.

Thank you very much for considering our voices, the residents who would be the ones adversely affected by this change.

Paul Agnel
