RE: Final Report dated July 17, 2019 re: Perrilli complaint vs. Cilevitz

Good morning.

The aforementioned Final Report explicitly recommended that Ms. Cilevitz receive only a reprimand for the by-law violation in question. I am writing to express my strong objection to any potential attempt by Council to ignore that recommendation and instead impose a financial penalty on Ms. Cilevitz. To do so would almost certainly foster an impression of animus against Ms. Cilevitz, which the relevant members of Council would or should be anxious to avoid.

Thank you.
