**Subject:** Pirrelli's reprimand

Please do not increase the recommended sanction to Councillor Cilevitz as was done so wrongly on Dec 17, 2018. The reprimand sanction must remain.as is.

On the other hand, the sanction for Perrelli should have been higher. This guy and his cronies have schemed to basically take over our local government. There means and methods continuously bend and break the rules to achieve the goals of their pact.
