Councillor Cilevitz Code of Conduct Complaints

Mayor Barrow and Council,

It is with a sad heart which I learn that Councillor Karen Cilevitz has unshamedly violates the Code of Conduct for elected officials in Richmond Hill. It is disheartening that this member of Council continues to bring shame to this Council and indeed to all of Richmond Hill with her continued actions.

You need to put a stop to this. I believe that the only way to correct this inexcusable repeated behaviour is to impose a penalty that will act as a deterrent. All of Richmond Hill will be watching and I will be voting accordingly.

A concerned resident,
