Subject: Crosswalk on Clarissa

Good evening Ms. Cilevitz,

I'm writing today about the proposed crosswalk on Clarissa Drive which is being considered by the committee on Wednesday this week.

I am unable to attend the meeting but would like to say how important this crosswalk would be to our residents of all ages. Marian Nalley was the first person I know that worked on this for many years while she resided here. Lately, Donna DeBacker has taken up the cause as she has seen so many close calls, as have I.

Please consider this worthwhile project for the safety of all of our residents from both buildings.

Thanks for your time,

Claudette McRobbie,

President, Board of Directors for 705
