Subject: City file:D02-19018

Dear sir or madam,

My name is Alina Margulis. Me and my family own a house on 7 Shaftsbury ave
Richmond hill L4C9K6

This letter to oppose multi family units application for 292 Elgin Mills rd Richmond Hill.

Our neighborhood was build around 30 years ago and infrastructure is not ready to accommodate multi family units with many more cars added to already busy are. Kids that attending elementary school nearby will have even more hard time to cross the roads, view of people backyards that they enjoining will be destroyed.

This is mature area of Richmond hill and residents always enjoyed value of quality single family houses despite its became more crowded because of last couple of years development.

9 units will bring many additional viecles and crowd to the area. All neighbors currently have difficulty to exit their driveways because of the traffic of many new de touched homes build in the area.**We would like to oppose building 9 Multi family units that planed to be on single house property.**

As residents of this area we will sell our property and move if this application will be approved.

Best regards,
Alina Margulis
