I am writing this letter because we will not be in Canada on February 19th to attend the Public Meeting.

We are opposed to Metroview Developments Inc. amending the City's Official Plan to increase the permitted building height to twenty (20) storeys. This is more than double the city's permitted building height. Eight storeys is high enough.

There is a condominium presently at 18 Harding Avenue that is eight storeys in height. Anything higher than that will affect our privacy with a building looking down on us, plus the additional traffic congestion. My neighbors are concerned as well. We live at 233 Baker Avenue and pay high taxes to live there.

We expect to have a favorable response.

Thank You

Anthony and Dora Caradonna
