Subject: 46 Bond Crescent rezoning application comments

Hello,

I received a letter from the city regarding this re-zoning application.

I'm writing to SUPPORT the re-zoning application for 46 Bond Crescent, under the assumption new construction will be limited to single residential.

In general I'm in support of reasonable zoning amendments to develop available lands in Oak Ridges neighborhood, as long as:

1. Oak Ridges Corridor park is kept as is, and Greenbelt lands are kept as is and not developed.
2. New construction is limited to single detached houses, preferably. No multi-story buildings please!!!

Thank you!
