**Subject:** Reschedule LPAT Hearing member motion April 22

**I fully support Councillor West's member motion to reschedule LPAT hearing on the Yonge/Bernard KDA to permit live and in person public participation.**

**Now Therefore Be It Resolved: that Council endorse that a request be directed to LPAT to reschedule the Yonge Bernard KDA hearing to no earlier than October 31st, 2020, and that Planning Staff be directed to immediately make this request to LPAT so that the May 13th Council meeting dealing with the Yonge Bernard KDA matter can also be delayed in order to facilitate proper live and in person delegation from citizens when COVID-19 restrictions may be eased.**

Thank you David for supporting the community's voice to ensure the democratic process is not forgotten during unprecedented times.

**Subject:** Please accept my attached submission for the 22 April 2020 Richmond Hill Council Meeting

**Please Pass Councillor David West's LPAT Related Motion of 22 April 2020**

I request that this correspondence be included in the public record for the Richmond Hill city council meeting of 22 April 2020.

I am writing in support of Councillor West's motion to direct Staff to request an adjournment from LPAT of the Yonge/Bernard KDA matters, currently scheduled for "some time in July" and implore members of Council to pass his motion to ask for a date after 30 October 2020.

I regrettably do not trust that everyone in Council has the best interests of its constituents and the importance of following due process in the forefront. We are still in a state of emergency and undoubtedly, people will need time to recover and move forward from this pandemic crises. The threat of the vote looming to pass the draft KDA revisions and circumventing 'fair' community participation is concerning.

I would like to participate in tomorrow's Council meeting but due to my own work constraints and responsibilities am not able during a morning session. Residents have the right to have their voices respected and valued. In denying this right by continuing the timelines set out prior to the Covid-19 pandemic crises one could conclude that Council knowingly is taking advantage by hiding behind this crisis.

I truly hope that Council will do the correct thing and support David West's motion to regain back community trust and their faith in their municipality
