Subject: New condo on Yonge and Bernard

Hi There,

I am writing to express my disagreement to building a condo there at 25-40 storeys. The traffic will be too bad and the schools will be very crowded. Also, the hospital will be over its capacity. I have been living there for almost 18 years and I don't feel it makes sense. Has someone investigated recently? Do you know at least 2 more high-storey condos will be built right across the street and in a bit north? More than 20,000 people which is 10% of current population will be moving in 2 years? Have you well prepared? Do you ever consider the living environment for current residents?

Please take my opinion into consideration seriously.

Thank you!

Wendy
