Subject: Stop the 41 Story KDA Plan at Yonge/Bernard!

We strongly oppose the plan to build a 41 Story building at Yonge and Bernard St in Richmond hill.

We feel council is going behind the residents backs during this time of crisis to further their agenda. Traffic congestion is already at max causing great stress on the system. Viva is not the answer. We live on Brookside Road and we already have difficulties getting out of our driveway at all times, especially during peak hours. Adding this many residential units to the area would also stress what little green space and community services that are available. Not to mention, this would put a further burden on our already overcrowded schools.

We urge you to reconsider.
