Good day

We reside at Lake Wilcox and welcome the idea of paid parking . We do feel that would not only help the constant traffic flow looking for parking but it will generate funds for the City's upkeep of the park . "No parking" on the street side should be enforced as there is long lines of cars every where you look on many days here ignoring the No Parking signs. The carbon monoxide , dust and overcrowding along with noise and illegal activity has been an on going problem . There has been total chaos around here lately and it keeps on going day and night. A City inspector is needed to truly see and "ask the residents" what is going on . Also and inspector should have by-laws strictly enforce the City's by-laws that are all being completely ignored for years around here .  
Thank you  
Sincerely  
T.M
