Dear Mayor & Councilors,

I am a Richmond Hill resident and I am opposing the condo high rise building at 0 Elgin Mills road east (Bayview ave & Elgin mills). The north east portion of the property contains wetlands and the natural heritage system associated with a tributary of Rough River will be affected by pollution due to an increase in traffic and high-density population. The increase in population density will also increase the traffic in the area, as well as the crime in the area. We as a population would like to continue living in a community where we don't need to be fearful. By building these condos we feel as though it would be disrupting the peace in which this community has worked really hard to build. We thank our Richmond Hill Mayor and councilors for allowing us to live peacefully for all these years. However, now we fear the high-rise condo towers will strip the importance of maintaining peace around our Richmond Hill community. I hope you can understand and respect our opinions on why the High-Rise Condo Project needs to be stopped in order to preserve the safety and peace of Richmond Hill residents.

Thank you,

--
