Subject: Proposed condominium on O elgin mills road
Date: Tuesday, June 16, 2020 9:04:28 PM

There was letter sent out in my area that stated that this condominium should not be built cause it stands on "wetlands and natural heritage systems". I do not agree with this and would love for this building to be put into construction. On that note please let me know if this moves into the construction phase cause I would love to buy property there (cause my parents house which I reside in is next door). Thank you
