Mahdi Moradi Jalal, Director of 2295190 Ontario Inc. and owner of 10027 Yonge Street, addressed Committee regarding the Request for Demolition for the Building at 10027 Yonge Street. He provided background information regarding the efforts and financial investment that he has made over the last 9 years to preserve and incorporate the designated heritage building into the new development without success. Mr. Jalal noted the deterioration of the designated heritage building and associated safety issues, and requested that the recommendations contained in staff report SRPRS.20.079 to approve the demolition request for the existing structure located at 10027 Yonge Street be adopted.

Clarification was requested regarding the structural deficiencies of the building; details of the financial investment by the owner to restore the building; how the demolition application would be approved when the property owner was to dismantle and disassemble the component building fabrics as indicated in recommendation b)(i) of staff report SRPRS.20.079; and if there were concerns or remediation issues with the abandoned oil tank in the basement of the building.

5. Scheduled Business

5.1 SRPRS.20.055 - 2020 Heritage Grant Applications - 6 Properties

Committee members inquired about the proposed heritage grant for 16 Bawden Drive as the address appeared to be in a neighbouring municipality. Staff confirmed that it was a new address and that the property was located within Richmond Hill and therefore eligible for a heritage grant.

Committee members requested clarification regarding the proposed \$5,000 heritage grant for 9550 Leslie Street as the second quote received for the property, attached as part of Appendix 'E' to staff report SRPRS.20.055, exceeded 50% of the project cost which was not in compliance with the Heritage Grant Program. Staff advised that it was a clerical error on behalf of the applicant when they indicated the estimated cost of the proposed work to be \$8,000 on the 2020 Richmond Hill Heritage Grant Application Form, and confirmed that the proposed heritage grant amount was based on the higher quote received to ensure

quality and appropriateness for the unique windows to be replaced at the Church. Staff reviewed for Committee members the process that is carried out for the properties that have been approved for a heritage grant under the Heritage Grant Program, and noted that funds will not be released to the property owner until the required information is provided to the City and staff had undertaken an inspection of the completed work.

Councillor Cilevitz read the Cultural Heritage Significance for Dr. Duncumb’s Hall located at 10027 Yonge Street from page 3 of staff report SRPRS.20.079 to put into the public record the significance of the building to the community.

Committee members discussed the obligations that property owners should have when purchasing a designated home under the *Ontario Heritage Act*.

- Approved at the
May 27, 2020
Council meeting

Further comments were made following up on the discussion that ensued immediately following the delegation regarding how the demolition application would be approved when the property owner was to dismantle and disassemble the component building fabrics as indicated in recommendation b)(i) of staff report SRPRS.20.079, and who would be responsible for the associated expenses. Staff confirmed that they would work with the property owner to dismantle and disassemble the component building fabrics, including the attributes that were identified in Designation By-law 11-13, and advised of storage options utilized by the municipality for various heritage attributes that have been acquired. Staff also confirmed that through the Site Plan approval process, staff would work with the owner to ensure that the attributes from the component building fabrics were included in any new structure erected on the property.

Members of the Committee addressed the concept of demolition by neglect of heritage properties and what mechanisms were in place including applicable legislation, policies and/or other tools, to prevent these types of situations from happening again in the future. Committee members inquired about what options they had if they were to deny the demolition application for 10027 Yonge Street. Staff provided guidance as to how the Committee could respond, advising that a clear recommendation to either approve or deny the demolition application needed to be made by the Committee for consideration by Council.

The Committee was in agreement that they would discuss options and recommendations related to demolition by neglect of heritage properties at a future Heritage Richmond Hill meeting.
