Subject: Please DO NOT approve Sabella Ridge Estates' application for 10684 and 10692 apartment building!

Dear David and all city members,

I hope this email find you well, although myself and my beloved families living on Arten Ave are sickly concerning about the new apartment building proposal by Sabella Ridge Estates. I live at 90 Arten Ave, and I am sure by now you must have received emails my other neighbors expressing the same concerns we all share. This new building application is far exceeding the city plan criteria, and it is posing a great potential of harms to our beautiful neighborhood if it is approved. We worked so hard so that we can buy a house and move into this quiet, safe and beautiful community. And now a new building developer wants to just come and put a 28 storey building in our neighborhood, and attempting to make our safe and quite streets into main vehicle entrance ways? God have mercy on us! Just by the thought of it, we are already worried about our kids playing in front of our houses, or letting our children cross the streets to visit families and friends! Plus the noises that will bring as traffics zoom in and out! Plus the concerns of increased flooding risk, use of our streets as parking space, garbage overflowing, heavier traffic on Yonge/Elgin Mills, and the devaluation of our hard earned homes!

Please David, Linda, Doris, and Richmond Hill clerks, do listen to the call outs from our community. We love Richmond Hill, we love our community and neighborhood. Our kids are growing safe and happily in this beautiful environment, and we want them to keep doing that! We urge you to stop Sabella Ridge Estates' attempt to bring up that building to our community!

Thank you for your attention, and please do not hesitate to reach me if you have any questions.
