Subject: 28 floor apartment building

Alfred J. Peard

53 Oxford Street

Richmond Hill

Ontario L4C 4L6

Regarding Application number D01-20004 and D02-2000010

I have been a resident at this address for fifteen years and I, as well as all my neighbors have noticed a steady and unacceptable increase in vehicular traffic with (speeders, reckless drivers and large trucks including tractor trailers) The fact that someone is planning to build any size of an Apartment building in an area of residential single Family homes is **SIMPLY RIDICULOUS**, This building will not only increase the traffic and danger to Children but in one fell swoop will devalue the all the surrounding homes, for no other reason than a few individuals will make a profit. I am **VEHEMENTLY OPPOSED** to this project and I will do my very best to discourage all of my fellow residents from voting for any and all elected Official that supports this project.

Sincerely

A.J. Peard
