Subject: Public meeting D01-20004 and D02-20010

We are residents of Richmond Hill. Our address is 20 Gatcombe circle.

We can't attend the public meeting of D01-20004 and D02-20010 on 23rd September.
We are writing to express our opposition to this project.

We are truly worried about the jammed traffic if we have so many high rise buildings on Yonge street within such short period of time.

Too many high rise buildings in this area will seriously damage the characteristics of this part of Richmond Hill.

If we really want to develop this area we should have roads widened, more medical Service child care Service and schools ready for that .

We bought the property for its residential character. We love our community as it is right now. We do not want to see our community to be flooded with water and jammed with traffic, less green areas for kids to play, polluted air to breath.

Please plan and build responsibly.

Thanks

Paul Bailie
