Subject: Council meeting agenda C#42-20

Hello

I have been a resident for 26 years at 9 Creekview Ave, Richmond Hill, ON L4C 9X1 and am disappointed and against a plan to build a 28 storey rental apartment on 10684 and 10692 Yonge St. This puts a danger to our sewage system at Creekview Ave and Arten Rd in Richmond Hill. We've already had a flood incident due to heavy rain in the past and will increase our home insurance again if similar incident does occur.

Furthermore, a plan to add a backdoor exit right on Arten and Creekview which will further provide congestion to the area with people parking on the streets, making a mess during the construction period and noise.

This does not retain the residential character of the area and should not be changed without the public's approval. The density of the project is unrealistic.

I am totally against it and looking forward to the hearing on Sept 23.

Fui Li
