**Subject:** Re: Proposed 28 storey apartment building - D01-20004 and D02-20010

Can you make sure it is on the record that myself and my husband strongly oppose the development of the 28 storey building on yonge near Oxford Street.

Application D01-20004 and D02-20010

Our names are

Subject: Proposed 28 storey apartment building

I am a resident on Arten ave. When I heard of this 28 storey apartment building I was deeply disturbed.

I pay almost \$10,000 property tax to live on the beautiful street Arten ave. There are not any 28 storey buildings in all of Richmond hill, the idea of putting one in the back yard of us homeowners on Arten ave is ABSOLUTELY LUDACRIS.

I love the privacy and quietness of Arten Ave. If a 28 storey building is erected there, the street will become a disaster, full of noise, traffic and a complete eye sore.

A proposal for a 6 storey, high end condominium would make much more sense, and be in keeping with the tone of the Arten ave neighbourhood.

I STRONGLY oppose the approval of this 28 storey building and I hope the people we have voted in, will actually keep Richmond hill the beautiful quiet place it has always been.
