Subject: 28 storey rental residential building on yonge near oxford st

I have lived in Richmond Hill for over 35 years, and have seen it develop to what it is today. I live at 32 Oxford st on the yonge st side and feel it would be a big mistake to build anything of that size or any building here as we already feel there is constant traffic on our street. Is it not enough that we have gained the "HuB" building, at Crosby and Yonge. The traffic around is impossible to manage. Just crossing oxford is a challenge because of the constant traffic. Please we have enough around us that we do not need another highrise. I am totally 100 percent against any such building on this very small property. Say NO to 28 storey rental residential building on yonge near Oxford.

Frank and Joanne Cristina

32 Oxford St
