Dear City of Richmond Hill Planning Personnel,

We are strongly against any extensive construction in the Oak Ridge's Moraine, so we would disagree with the zoning change from AGRICULTURAL A. We do not support any change to the existing bylaws, and find it objectionable to amend current bylaws to allow 111 units/hectare. We moved to this area to enjoy the 'countryside' view of the area and less congestion. This would dramatically be disturbed by allowing a 11 storey building on Bayview north of Snively.

We urge you to reject this developer's requests!

Thanks,

Jenny and Derrick Terakita
