Subject: Application to Build 11 Story Apartment Building on Bayview near Snively Street

Good Day Mr Stephen Huycke

My Wife and I own a home and live at 110 Snively in Richmond Hill. Yesterday as I was driving home on Bayview I noticed an application sign on Bayview Avenue near the corner of Snively Street requesting that an 11 Story Apartment building be built at that location.

As a longtime resident of Richmond Hill I VERY VERY STRONGLY OPPOSE the building of an 11 Story Apartment building at that location.

Directly behind that Application Sign are some Very Sensitive Wetlands. These wetlands are used by migratory birds every year to rest in and have their babies there late in Spring.

Erecting an 11 Story Apartment Building on that site would completely DESTROY that beautiful habitat.

My property on Snively is 635 ' Ft deep. When I applied to build my home on Snively the Town of Richmond Hill tried to get me to dedicate the last 450 ' ft of my property to the Town for "Free".

I was told this was for dedicated wetlands. I strongly fought that "Free" dedication.

Now I see that the Town is considering turning those wetlands into an Apartment Building.

Well Shame on the Town Of Richmond Hill for even considering such an idea.

Again let me CLEARLY STATE. As a Richmond Hill taxpayer and Snively Street Homeowner.

I VERY VERY STRONGLY OPPOSE the building off an 11 Story Apartment Building on Bayview near the corner of Snively Street in Richmond Hill.

I am also requesting that a letter be sent to my address informing me of any upcoming meetings regarding this project.

My address is as follows:

Ed Weiser

110 Snively St

Richmond Hill

Ontario

L4E 3E8

I Thank You in advance

Sincerely Yours

Ed Weiser
