Subject: opposition of project for City file D01-20003 and D02-20009

City Clerk:

My name is Ziqiu Wang and I live at 5 Drynoch Ave.

I am writing today to express my strong opposition to the following project:

City file: D01-20003 and D02-20009

I have been living in this community for 4 years and really loved this nice quiet neighborhood. I was so SHOCKED to hear that there is a proposal to build an 11 Story Apartment near the corner of Snively and Bayview.

Please sincerely take below factors into consideration:

- 1) This 11 story apartment project will definitely not suit this community as the entire area is composed of Single Families only. There are NO any town houses and NO apartments.
- 2) This project will cause great damage to the Provincially Significant Wetlands that are situated behind the proposed development.
- 3) Snively Street will become a very very busy parking street to significantly affect the traffic to the Yong Street. This will also raise a lot of safety concerns.

Based on above, this is really a Horrible project.

I strongly oppose this project.

Sincerely Yours.

Ziqiu Wang
