Hello,

Written comments Regarding request for official plan and zoning by-law amendments for lands described as lot 1, 2,3 plan 4644 and part lots 9 and 10 plan 4839 known as 122, 124, and 126 Cartier Crescent, recommendation that no site specific/spot zoning be approved. Suggest if going to approve application then the official plan and zoning by law amendments need to apply to the entire area on Bayview from Cartier Crescent down to Major Mackenzie to be in line with best planning principles for highest and best land use in area and not spot zoning/site specific.

Thank you for your consideration,
