Subject: Electronic Meeting Registration

Dear Clerk of City of Richmond Hill:

This is Ying Li. Owner of 16 Settlement Cres, Richmond Hill, ON, L4E1E4. I received a letter about the electronic meeting regarding the project next to my house - File# D02-20017, D03-14008, D03-16002. Me and my neighbours want to register for the electronic meeting.

Our Name and Email Address:

Michael Geng

Address: 6 Settlement Cres, RH

Email:

Email:

Me and my neighbours from 6 to 16 Settlement Cres all have concerns about their future plan. We want to join the electric meeting to express our opinions. As our houses are west and east direction, the new project next to us will be north and south direction which will make those houses too close to ours. It's a lack of privacy and sunshine for both us and their buyers. We hope CountryWide and Giuseppina Brunetto can find a better plan to prevent this situation. Such as making their edge bit further from our back property line or change direction of their houses next to us.

One more issue for my house only. On the survey of my house, there is a sidewalk next to my house where now it is vacant land. Before it's our builder taking care of that land. Last year they told me it belongs to next door's builder and they should take care of the

land and build the sidewalk. Right now the land is a mess, I want to plant some trees and hedgerow at the side of my house, but I've been told better not to do anything right now because it depends on what the other builders plan to do with the sidewalk and land. Are they able to build the sidewalk and take care of the land first so that I can do the planting next spring? And I might install sprinkler system for that land, but I need to know where the sidewalk is first. Thanks a lot.

Best Regards

Ying Li
