Subject: Hillcrest Mall

TO WHOM IT MAY CONCERN:

As a resident of Richmond Hill since 1979, I read your notice of proposed high density residential development to replace Hillcrest Mall. It is of grave concern to even think that the one anchor that has kept myself and many other residents of Richmond Hill from moving away, could possibly be done away with. We have lived through a lot of changes here, some good, some not so good, but at least knowing that we have a high standard neighborhood mall at our doorstep, is the one thing that keeps many of us here. I would also hate to think of Yonge Street being any more busy than it already is. As of the last couple years, many residents cut through side streets rather than have to navigate through the storms of newly created blockages just trying to get home.

In summary, the high standard of living in Richmond Hill will no longer be what we would like it to be. If this is your goal, then by all means put up the rental apartment buildings. Some things have to be learned the hard way.
