Subject: D01-20009 and D02-20018

Hello,

I have received a Notice of Complete Applications, which appear, at first glance, to be the lands on which Hillcrest Mall is located.

I now understand that Hillcrest Mall will not be affected, but that this is planned for the area off Yonge Street where Panera Bread is.

Although I don't have a problem with something to be built on this section, I do have a problem with the height of the towers. 26 and 29 storeys are proposed and I object to this. I don't want Richmond Hill to start looking like downtown Toronto or even North York and I think that the towers should be restricted to the 15 storey limit, which has been part of Richmond Hill's restriction for many years.

Thank you.
