Subject: Council Public Meeting Nov. 18/20, Agenda #3.2

I would like to protest against overdevelopment in Hillcrest Mall site, City File #D01-20009 and D02-20018.

Once again, The Official Plan needs to be respected.

The City of Richmond Hill became developers' playground and proper growth of the city is the last item on anybody's agenda.

Covid 19 proved that people need different life style, they need bigger living spaces, not in high rise buildings.

The intersection of Yonge and 16th is very congested. Adding over 1000 residents will create more traffic which will affect surrounding areas.

I ask Council to act on behalf of people of Richmond Hill, the tax payers.

Thank you,

Magda Strzelecka
