Presented by
Richmond Hill Umbrella Residents Group
(RHURG)

- ➢ Since the pandemic, Richmond Hill council has passed many residential monster towers despite strong opposition from residents

- ➢ Some councilors have been trying to convince the public that Richmond Hill desperately needs residential high-rises, which is the top priority of Richmond Hill

- ➢ Is this true? Let the facts speak!

QUESTIONS !

➢ **If our limited precious lands are all used to build residential high-rises, where is the land that can create jobs and improve our income?**

➢ **After the four-year term, what kind of Richmond Hill will you leave us with? Apart from poor job opportunities, poverty and traffic congestion, what else can you bring to us?!**

➢ **We hope you can submit satisfactory answers to voters in the 2022 election**
