Subject: Re: Objection to D01-19005 and D02-19023

Dear Councillor Chan,

My name is Teresa and I'm living in 185 Oneida Cres. for over 10 years.
I witnessed all the changes on this narrow street,-

We already got 7 residential-condominium on Oneida Cres., Ever since the people start moving into the new condominiums from last year, the traffic is getting more busier and busier, everyday I needed to take extra cautious while I driving onto Oneida Cres.

Then I saw all of my neighbour moving out because the building is located closer and closer to 185 Oneida Cres, the path between the buildings are too close with each other and become no more privacy at all.

I noticed that it's getting more and more car accidents happened at Red Maple and HWY 7, I believed it is a signal that Red Maple Rd. cannot digested anymore traffic and the drivers losing their patience to wait for their opportunity to turning from HWY 7 to Red Maple

Oneida Cres is a very short and narrow street that only have one lane for coming in Oneida Cres., and one lane out to Red Maple Road, with some people parking on the street near to the senior homes, makes Oneida becomes only one lane for in and out traffic!

This is a terrible idea to get more high rise buildings on Oneida Cres., Traffic is one of my concerned , and I also worry about the safety for the kids, students and the senior around this area.

There is a community Center, Kindergarten, Grade 1 to 12, senior home right across the street. This is a very dangerous suggestions and may causing the safety for the pedestrians too!

I love my condo unit and this community so much and would like to continue live in Richmond Hill as my home!

Thank you for sending the letter to inform me about the idea of application from the developer for the proposed development on re-zoning this area, but my answer is NO!!

Objection, Objection and Objection

Best Regards,
Teresa Chang
Owner of 185 Oneida Cres.

Dear Councillor Chan,

I will continue to make my objection to this rezoning idea.

As I mentioned in my previous email dated Apr 20,2020. The condition of the traffic got nothing to change at all. The only change that impacts the traffic is that we're in a pandemic situation and the traffic is not as busier as normal but for sure it's gonna change after COVID-19.

It's ridiculous to allow more condominiums within the Oneida Cres. It could be houses or townhouses, but condominiums is a definite NO.

Pemberton developers just want to make more money, they even ignore the safety and the well-balancing environment that they promise to provide for the residences that bought their condo from them. As a councillor to us, I wish that you can listened to our voices, helping us to protect our environment and will also be concerned about the safety of all the pedestrians.

Objection to the rezoning and this idea should be rejected forever. No more proposals should be considered..

Best regards,
Teresa Chang
