Hello,

I feel I must write and express my concern about amending the plan for land described as Part of Lots 37 and 38, Concession 1 E.Y.S and municipally known as 0 Oneida Crescent.

I am living in this neighborhood for almost five years. More than three new tall buildings have been built during this period while there have already existed five high-rise buildings in this area. ( 11,23,39 ,55, and 85 Oneida Crescent). Please mention we have an elementary school and a Langstaff Square care community in this area that increases the magnitude of keeping the neighborhood safe and haven. Due to these, I strongly believe the area does not have more capacity for any other tall building. Even now, traffic has obviously increased and made some difficulties for residents.

Anyone I have spoken within this building has the same concern.

I hope you would not support the new proposal for this land and care about our concerns for our neighborhood's future.

Also, I request to be notified of the adoption, passing, or refusal of the amendment.

Sincerely,

Mona Masoumi

Address: 1701, 55 Oneida Crescent

Hello,

I feel I must write and express my concern about amending the plan for the land described as Part of Lots 37 and 38, Concession 1 E.Y.S and municipally known as 0 Oneida Crescent.

I am living in this neighborhood for almost five years. More than three new tall buildings have been built during this period while there have already existed five high-rise buildings in this area. ( 11,23,39 ,55, and 85 Oneida Crescent). As per the recent information that I received from the City of Richmond Hill, the vacant land plan combined with 1518 units. This is staggering.

Please mention we have an elementary school and a Langstaff Square care community in this area that increases the magnitude of keeping the neighborhood safe and haven. Due to these, I strongly believe the area does not have more capacity for any other tall building. Even now, traffic has obviously increased and made some difficulties for residents.

Anyone I have spoken within this building has the same concern.

I hope you would not support the new proposal for this land and care about our concerns for our neighborhood's future.

I would like my correspondence includes in the agenda and want to register for a presentation at the meeting planned for March 24, 2021.

Please let me know if there is any link for joining the virtual meeting.

Sincerely,

Mona Masoumi
