Re: City Files:D01-19005 and D02-19023

I am the owner of 65 Oneida Crescent writing in opposition to the above-mentioned proposal, with a very important reason - traffic at Oneida Cres. and Red Maple Road! This proposal is mindless and unrespectful to the existing residents of Oneida Cres. I am already frustrated with the construction at 75, 85 & 95 Oneida Cres. It's a no-brainer to see how horrible the traffic will be once all those condo buildings are fully occupied! I am sure the City can and will do a good deed for the people living in this community by refusing the proposal.
