Subject: Objection on D01-20013&D02-20025
Importance: High

Hi,

I am a resident on Rothbury Rd which is close to 11160 & 11172 Yonge Street, and I got attached mail recently. I am quite shocked by the new request, a 15, and even 18 & 35 high building. I can't image when my kids are playing on the backyard and someone can watching them from these high buildings, our privacy are just exposed to thousands of strangers! Where will be the greens & trees go? These high density development will greatly decrease the community average education and traffic resource.

As a community resident, I am strongly object this request, and want to say "NO" to this over development.

I'd like to be notified of the progress of this proposed Official Plan / Zoning By-law Amendment. Please consider this as a official written request.

Thanks,

Yao.
