To Whom It May Concern,

There is a town meeting regarding this site June 16, 2021

I live at 49 Addison Street, Richmond Hill adjacent to the 9750 and 9760 Yonge Street property.

I have lived here since February 1987.

To see the litter and abuse of the property has been disconcerting over the years. To live beside it has been hard.

The proposed project will be a welcome change to the area. It will fit with the Yonge corridor development.

It will become a clean, well developed property without the continued illegal dumping by the neighbourhood.

I support the project as a long time taxpayer in Richmond Hill. It seems to fit with the city plan.

Yours Truly,

Barbara Di Mambro B.A.(Hons), MSW
