Subject: Re motions on the next council agenda

Two motions brought forth by councillor Muench are totally contrary to how we have traditionally viewed our city and best governance practices. The CAO is hired by council to hire and oversee staff. She should therefore be responsible for compensation as well. Council should not be interfering in this at all.

The motion to have council rescind the Mayor's medical leave is just petty and mean spirited particularly since the Mayor already indicated his return in August.
