## 5.2 Designation Sub-committee - Verbal Update

Dan Kelly, on behalf of the Designation Sub-Committee, advised that he made a similar presentation to the Heritage Centre Advisory Committee (HCAC) regarding the City's Heritage Inventory as he made at the June Heritage Richmond Hill (HRH) meeting, and noted there was a great amount of interest in the subject and he received a lot of input. He suggested that he may send out further examples to both Committees for information purposes, and highlighted the education focus that the HCAC has through the work they do.

D. Kelly, following up on the recommendation made at the May meeting and approved by Council, requested a status update from staff regarding the review of the draft materials on the process improvement of listing properties in the Richmond Hill Heritage Register to get a sense of when staff would be able to report back to the Committee.

Committee members discussed the possibility of creating an Education Sub-committee as was done in the past and whether there was funding available for the Sub-committee. Joanne Leung, Manager, Heritage and Urban Design, confirmed that funding was provided annually for heritage research on specific properties whereby staff focused on three properties each year, and identified that in previous terms there were Culture Days celebrated in Richmond Hill where a Sub-committee of HRH would assist with programs and creating materials such as pamphlets to contribute to the educational process. J. Leung highlighted partnerships with the HCAC who has more of an engagement focus with the community, in comparison to HRH whose role was to focus on advising Council on matters related to the *Ontario Heritage Act*.

J. Leung advised that staff were targeting the September HRH meeting to present their initial thoughts on the draft materials on the process improvement of listing properties in the Richmond Hill Heritage Register.
