Subject: Appeal of planning act

Dear Richmond Hill City Planners,

I'm the owner of 9601 Bathurst street, Richmond Hill. I received a notice from you that my neighbor 9593 Bathurst St is going to launch a new condo project and planning to share the same access with my community.

When I bought the house, it was mentioned that both the Hostel Lane and Jodphur Lane was sold as common elements to me, and it's our private road that we are paying monthly fees for that. But I have never been asked for the access from the Neuhaus Developments.

They can't use our private road without our authorization and demolish our fence which is considered as our property. And they can't announce the project using our property without negotiation with us.

Wait for your response.

Best regards,

Rui You

Owner of 9601 Bathurst street
