

This detailed site plan illustrates the proposed restoration of the Heritage House and structure, along with the surrounding parking and infrastructure. The plan includes the following key features:

- Proposed Restored Heritage House and Structure:** A large building footprint on the left side of the plan, with a note indicating it is a unit of the condominium access from existing driveway shared with Hilltop. The plan refers to the conservation management plan for details.
- Parking Areas:** Multiple parking lots are shown, including a large parking area on the right side of the plan and a smaller parking area on the left. The plan includes parking spaces, parking outlines, and parking exits.
- Infrastructure:** The plan shows various infrastructure elements, including roads, sidewalks, and utility lines. Key roads include "EXISTING ROAD TO REWYN" and "2.1M SIDEWALK TO ELGIN MILLS ROAD".
- Building Details:** The plan includes details for various buildings, including a "2-STORY BUILDING TO BE DEMOLISHED", a "SHED TO BE DEMOLISHED", and a "1-STORY BUILDING TO REMAIN". It also shows a "TRUCK TURNING PROFILE" and a "U/G SAN CONVEYANCE (REFER TO SITE SERVING DRAWINGS)".
- Site Servicing:** The plan includes details for site servicing, including a "STORM WATER STORAGE TANK" and a "U/G SAN CONVEYANCE (REFER TO SITE SERVING DRAWINGS)".
- Measurements and Dimensions:** The plan includes numerous measurements and dimensions, such as "30M OFFSET FROM WATERCOURSE CENTRELINE", "30M OFFSET FROM METLAND", and "38.41M 110°48'30\" W (MEAS)".
- Other Features:** The plan includes various other features, such as "AIR INTAKE SHAFT", "EXHAUST AIR SHAFT", and "LOCATION OF PROPOSED FIRE HYDRANT".
