Subject: Resident's comments to SRCM.21.12 - Clarification on Regional and Local Councillor Enviro Day Event Exemption

Hi to all,

As a resident, I am incensed that city staff even has to table the Enviro Day event motion and am fearful of a vote outcome that would see the Councillor in question get away with forcing the city to fund his self-promotion event disguised as a response to a community need. It is inconceivable that in granting that exemption in May, that any other councillor would have intended the taxpayers to put out \$80K - \$140K for this councillor's event!

I expect that there will be intense debate on this motion. I implore all council members to set aside your alliances and vote with integrity and with good governance, and to exhibit ethical spending of city funds. Do not allow such a travesty to happen.

Y. Wong (RH resident)
