Subject: MZO for Baif lands Emergency Council Meeting October 28/21

Good afternoon Mr. Clerk:

The Baif lands (Mjr. Mack and 404) have been designated as “Provincially Significant Employment Lands” and therefore should maintain their status as Employment Lands.

Councillor Muench must know that there is a Provincial Law called, the ‘Planning Act’? Does he not know that there is a planning process managed by the City’s Planning Staff? How did this development proposal manage to totally circumvent the process? I ask Council to please treat the Public and the Planning Staff with respect and allow this proposal to be properly assessed and reported out to the Public.

Be advised that I do not want Council to convert, sell off, swap or otherwise dispose of Richmond Hill’s Employment Lands. Please add my comments regarding the conversion of Provincially Significant Employment lands to the October 29/21 Special Council meeting. Thank you.

And I’d appreciate an understanding from Clerk Huycke as to what “time sensitive” matter causes this application to be considered an “emergency”?

Thank you,

Brenda Hogg

Past Councillor for Richmond Hill and York Region

69 Starlight Cres.  
Richmond Hill
