Subject: Questions regarding Proposal Notice file number D01-21008 and D02-21016

Hi!

I have some concerns regarding this development proposal at Leslie street and John Birchall Road (0 Birchall Road). I believe it's proposal 2 condominiums right at that intersection. Elgin mills and Leslie is already packed with future townhouses plus the existing residential, having 2 tall condominiums will just make it worst! This shouldn't be an area of condominiums. The roads just doesn't allow that. I greatly oppose this if possible. Or is there going to be more restrictions on this?

Thank you

Vicky Wong (Resident of Richmond Hill: 59 Brookfam Street)
